Health Foundation  
*Bridging Gaps in Healthcare*

# 2013 HASC CHARITY GOLF CLASSIC

## A SPECIAL NOTE TO OUR 2013 EVENT SPONSORS

The Hospital Association of Southern California (HASC) is pleased to host our annual Charity Golf Classic at the Oakmont Country Club, Monday, October 21, 2013.

Your generous sponsorship of this event benefits National Health Foundation, a charitable, tax-exempt 501(c)(3) public charity organization that for more than 40 years has addressed health care issues of the underserved. Proceeds will support programs in communities with limited access to health services.

The Golf Committee will help sponsors make suitable pairings, and we'll make every effort to accommodate sponsor requests. However, due to the timing of submissions for final player commitments and paid registrations, we cannot guarantee final pairings with specific HASC members.

You can help the process this year by identifying and committing your groups early. Sponsors committing to this year's event will immediately receive a form for identifying individual players. Early registrations and member invitations by sponsors will allow us to match requests as indicated on the enclosed Sponsor Registration Form.

We look forward to having you join us, so act quickly to help us make this another successful year.

George Mack  
Tournament Director

## ABOUT NATIONAL HEALTH FOUNDATION

National Health Foundation (NHF) is a charitable, tax exempt 501(c)(3) public charity organization. The organization is an innovative leader in improving access to health care by developing projects that promote and support more effective health care delivery and ultimately, better personal health.

For more than 40 years, NHF has addressed health care issues of the underserved focusing on three strategic areas:

- Underserved children and families
- Chronic disease prevention and management
- Health care delivery systems

## THE NEED FOR CONTINUED SUPPORT

With constant changes hitting an already fragmented health care system, NHF has been instrumental in closing gaps in service areas, thereby helping uninsured and underinsured populations gain access to health care. To continue promoting and supporting more effective health care delivery, NHF must continually address timely issues and develop new programs. Proceeds from this tournament will support these activities and will help NHF to fulfill its mission and remain innovative. Your participation is much appreciated.

J. Eugene Grigsby, III  
President/CEO  
National Health Foundation

## NHF DELIVERS

Patient Safety First, a flagship NHF program, is the largest statewide collaborative focusing on improving patient safety in the nation. As a result of this statewide initiative more than 973 lives have been saved and an estimated \$19 million in costs have been avoided to date.
