SPONSORSHIP OPPORTUNITIES

A SPECIAL NOTE TO OUR 2015 EVENT SPONSORS

The Hospital Association of Southern California (HASC) is pleased to host our annual Charity Golf Classic at the Oakmont Country Club, Monday, October 5, 2015.

Your generous sponsorship of this event benefits National Health Foundation, a charitable, tax-exempt 501(c)(3) public charity organization that for more than 40 years has addressed health care issues of the underserved. Proceeds will support programs in communities with limited access to health services.

The Golf Committee will help sponsors make suitable pairings, and we'll make every effort to accommodate sponsor requests. However, due to the timing of

submissions for final player commitments and paid registrations, we cannot guarantee final pairings with specific HASC members.

You can help the process this year by identifying and committing your groups early. Sponsors committing to this year's event will immediately receive a form for identifying individual players. Early registrations and member invitations by sponsors will allow us to match requests as indicated on the enclosed Sponsor Registration Form.

We look forward to having you join us, so act quickly to help us make this another successful year.

George Mack, Tournament Director

ABOUT NATIONAL HEALTH FOUNDATION

National Health Foundation (NHF) is a charitable, tax exempt 501(c)(3) public charity organization. The organization is an innovative leader in improving access to health care by developing projects that promote and support more effective health care delivery and ultimately, better personal health.

For more than 40 years, NHF has addressed health care issues of the underserved focusing on three strategic areas: *Underserved children and families, Chronic disease prevention and management, Health care delivery systems.*

THE NEED FOR CONTINUED SUPPORT

The work of National Health Foundation (NHF) continues to make strides in improving the quality and safety of health care Californians receive. With community programs focusing on improving nutrition, preventing obesity, and providing recuperative care, NHF continues to tirelessly help uninsured, and underinsured, populations gain

access to health care. Your participation is needed to continue addressing these issues and develop new programs. All proceeds from this tournament go to support the continuation of these activities and will help NHF persevere in its mission to improve and enhance the healthcare of the underserved.

Kelly Bruno, President/CEO
National Health Foundation

NHF DELIVERS

With programs addressing community health, patient safety, and length of hospital stay, NHF continues to make resounding contributions in quality improvements and cost savings within the health care continuum. Since inception, NHF's Recuperative Care Program saved Southern California hospitals more than \$30 million through cost prevention. Hospitals participating in Patient Safety Frist — a flagship program focusing on improving patient safety — have reduced early elective deliveries, as well as cases of sepsis mortality, ventilator associated pneumonia, and central line blood stream infections saving over 3,500 lives. This work has resulted in over \$64 million in cost savings to hospitals.
