

### As cases move from Medicare to Medicare Advantage, are you prepared?

Medicare Advantage is paying about \$1600 less per case, but LOS is also lower.  
Reimbursement for both is flattening, and Medicare LOS continues to decline.

Payment increases are getting smaller for both populations.

Medicare LOS has dropped by nearly a day, while Medicare Advantage LOS remains steady.

PDS can help you learn more about the differences between the populations and how you can best manage revenue from both groups.
